

HIPPS Codes and Medicare Advantage Home Health Claims

Purpose of this communication:

- To remind home health providers servicing Medicare Advantage members to bill home health claims with an accurate HIPPS code to prevent an A6:513 rejection.

What do I need to know?

- A HIPPS code is required for Medicare Advantage home health claims.

What do I need to do?

- If a rejection is received, providers should review the rejection reason and take appropriate action.
- Please reference the CMS website [here](#) for a complete list of HIPPS codes.
- If you have questions on this topic, please reach out to your dedicated [Provider Relations contact](#) who will be happy to assist you.

Thank you in advance for your cooperation and continued partnership.
