

CareOregon Authorization Changes Briefly Postponed

Purpose of this communication:

- CareCentrix is briefly postponing the implementation regarding where to submit in-scope durable medical equipment (DME) authorization requests for CareOregon members.

What do I need to know?

- Additional details and a new timeline for the implementation will be announced soon.

What do I need to do?

- Continue to secure authorizations directly from CareOregon.
- Continue to enter all orders into the DME Navigator POC Platform.
 - Monthly rentals do not require monthly entry into the DME Navigator POC Platform. The rental is for the specified duration at initial entry. If the rental period needs to be extended beyond the original timeframe, a new entry into the DME Navigator POC Platform is required.
- For any questions related to [this change](#), please reach out to your [Provider Relations](#) contact who will be happy to help!

Thank you in advance for your cooperation and continued partnership.
