

Reminder: Home Health Substitutions for LVN, LPN, RN, PTA and COTA

Purpose of this communication:

- To remind providers of the rules for home health code substitutions.

What do I need to know?

- The CareCentrix Provider Manual contains a list of plans that allow substitutions under the Home Health section.
 - Note that, for members covered by one Blue Plan receiving services outside of their coverage area by another Blue Plan, **it is the provider's responsibility to confirm with the home plan** if the substitution is permitted, to ensure you are in compliance with the **home plan's** medical policies and procedures.

What do I need to do?

- Please refer to the [Provider Manual](#) on the HomeBridge® provider portal to find more information and additional requirements for home health code substitutions.
- For any questions regarding this topic, please reach out to your dedicated [Provider Relations contact](#).

Thank you in advance for your cooperation and continued partnership.
