

REMINDER – HCPCS/Combinations and Informational Modifiers

Purpose of this communication:

- To remind providers to submit claims with your contracted HCPCS/Modifier combinations for all contracted health plans.

What do I need to know?

- When submitting a claim, please ensure you bill with your contracted HCPCS/Modifier combinations. Failure to do so could lead to claims rejections, that would require you to submit a corrected claim with the appropriate modifiers and lead to delayed claim processing and payment.
- Place any required informational modifiers in the next available position, following your contracted modifiers.

What do I need to do?

- Ensure when submitting claims you are billing the appropriate HCPCS/Modifier combinations.
- For any questions related to this, your [Provider Relations contact](#) is happy to assist!

Thank you in advance for your cooperation and continued partnership.
